Genesee Hill Enrichment – Spring 2018 Registration

Art Wizards – Everyone Can Draw!	Grades K - 5	Tuesdays to 3:30 PM
<p>Art Wizards is a unique fine arts program based on the belief that every child can learn to draw. The most important part of learning to draw is learning to see. That's where we start. We give students all the information they need to be successful, but not so much that we stifle their imagination or limit their opportunities. With consistent and ongoing practice throughout the school year, our students are amazed at the progress they make. Projects include fish, birds and animals of all kinds; people, landscapes, still life, mythical creatures, movie characters and cartoons (including Minecraft, Pokemon, Smurfs, Cars 3, Leap!, The Nut Job and the Lego Batman Movie). We show them how to break down a scene or character so it comes out looking like what they intended. We show them how easy it can be when they know how to use chalk and oil pastels, when it's better to use colored pencils and where markers and watercolor fit in. It's easy! It's exciting! It's rewarding! And it has a super-positive effect on all other subjects. You can see some examples of our students' work in the galleries at www.artwizards.org. Class limit: 20</p>
