Creative Rhythm Dance	grades K-5	Mondays 2:30 - 3:30 PM
<p>Get ready to move and groove! In this interactive movement and dance class, students will experience different styles of movement and dance (like hip hop, creative movement, rhythm-based movement, yoga and more). Students learn to do more than just follow. They'll learn how to express themselves through movement. Dance uplifts, unites, and empowers children. It also provides children with an opportunity to express their individuality while working on gross motor skills and developing cognitive and social skills. The teacher will guide participants through a choreographed routine and provide them with the tools to individualize the movements. No dance experience required. This class is gamified and designed to support physical movement, individual self-expression and self-empowerment.</p>
